

# BODRAG PDF CONVERTER

## - DATASHEET -

Wipe Expert is an easy to use tool for PDF to Word documents conversion. It will preserve text, layout and bitmap images in the generated Word document.

### **How can I convert PDF to Word?**

You are just 3 clicks away to having your PDF going Word.

You have to select the PDF file, enter the password for it (if it is password protected).

The Word document file name will be automatically suggested, but if you want you can change it.

On the next step you choose desired conversion settings.

Click Next and the Word document will be created immediately. Now can open it and change as you wish.
